## Education

### Base Camp Coding Academy

June 2023 - May 2024 |  Water Valley, MS

Base Camp Coding Academy (BCCA) is a hands-on, challenging, and fun program designed to train recent high school graduates to be software developers. In an intimate classroom setting, students work with real-world technologies to learn the fundamentals of coding, app development, and the life leadership skills they will need to be successful in their careers  and competitive in the job market upon graduation.
